- **1,424** people were educated by The Network's DV trainings in 2019
- **38** trainings were delivered by the Networks Centralized Training Institute in 2019
- **37** member organizations of The Network share a community working to end DV

The Network

ADVOCATING AGAINST DOMESTIC VIOLENCE
Advancing Justice in 2020

- We will be advocating for policy and systems change throughout Cook County and Illinois, focusing on victims’ rights, justice reform with victim protections, and community based responses to violence.

- We received support from the State of Illinois to work with our criminal justice and community partners to close the gap allowing domestic abusers to keep possession of their firearms after an act of abuse.

- We will continue our partnership with Corporation for Supportive Housing to move victims quickly from crisis to permanency through our Housing Assessor, working in direct partnership with our Illinois Statewide Domestic Violence Hotline.

- We will host our first (Re)Claiming Our Love: Social Justice and Domestic Violence conference in March.

- We will continue to work with our Youth Advisory Board to promote the Illinois Statewide Domestic Violence Hotline to youth ages 16-24 in partnership with the City of Chicago, Department of Family & Support Services.
