

VETO VIOLENCE, SUPPORT SURVIVORS

www.the-network.org

LEGISLATIVE PRIORITY AREAS

Criminal Justice Reform

We support legislation that provides better representation of survivors' needs in the criminal legal process and advocacy for criminalized survivors.

Funding Services

As the cost of business and demand for services increase, additional statewide funding is needed to support survivors.

Survivor Protections

Creating additional protections and increased access to these protections is a critical aspect of helping survivors maintain safety and promote healing.
